

Košice, September 1st 2020

Our ref.: 147/2020-R/010

RECTOR'S DIRECTIVE No. 10/2020

In connection with the development of the epidemiological situation and anti-pandemic measures and recommendations, I issue Rector's Directive No. 10/2020, which complements Rector's Directive No. 9/2020 with the **following conditions of the pedagogical process and operation at the UVMP in Košice with effect from October 5th 2020:**

1. I order the transformation of the whole theoretical teaching (all lectures, seminars) into a distance form.
2. Practical classes and clinical practices, which will be carried out in person (the list will be provided by the Study Office) must be carried out in small groups and as soon as possible with the possibility of combining topics.
3. I shorten the teaching hour of on-line lectures and seminars to 30 minutes so that students have enough time to arrive at practical classes that are carried out in person.
4. I shorten the length of practical classes to a maximum of 2 teaching hours in all subjects and study programmes.
5. To ensure easy access for all students to study materials, I order subject guarantors to make study materials (lectures, practical classes) available to students in the MOODLE system.
6. Bus drivers are obliged to measure with a non-contact thermometer a temperature of each person before departure and to disinfect the bus after each ride. A person with an elevated body temperature is excluded from the trip.
7. Temperature of all persons entering Student Dormitories must be measured and recorded. Temperature measurement will be performed by security staff, dormitory employees, paramedics and student volunteers.
8. I strongly prohibit visits at Student Dormitories, gathering of students in corridors and common areas.
9. I order closure of Student Dormitories every day from 11:00 p.m. until 5:00 a.m.

This order shall enter into force and effect on October 5th 2020 and shall be valid until revoked. I remind you of the strict observance of the still valid Rector's Directive No. 9/2020.

Prof. Jana Mojžišová, DVM, PhD, Dr. h. c.
Rector
